Mike and Karen Larson, brother and sister, received the Principal's Award in their junior year.

Janet Donald and Margaret Niemi have won Gold Keys for outstanding art achievements. The Daughters of the American Revolution Award winner of 1958 was Bonnie Mikelson, who was selected for showing outstanding qualities of dependability, service, and leadership. Winning the title of Southfield High's Future Homemaker of Tomorrow was Pat Dorris, a newcomer to Southfield this year.

Southfield High School's top three scorers in the National Merit Scholarship Qualifying Test were Ken McGuire, Jane Lince, and Bob Ewart. At the time we went to press, Bob had received word that he had won the Thomas J. Watson Memorial Merit Scholarship of the IBM Corporation which awards \$1100 per year.

See page 85 for Southfield's first exchange student to Europe, Betsy Svalya.

Attending the annual Wolverine Boys' State on the Michigan State campus in the summer of 1957 were Mike Larson, Eugene Gourley, Todd Grant, and Ken McGuire. There they studied state government by governing themselves.

Elected to attend Girls' Wolverine State at the University of Michigan was Connie Wardle. The group of girls formed imaginary "cities" and Connie was elected to be her city's treasurer.

Serving as secretary of the Mayor's Youth Council was Beverly Kochan. The Council is an organization to formulate the code of conduct for teenagers throughout Detroit.

Betty Hasbany and Judy Caddell have been active in the journalistic field as they both write for local newspapers. Betty writes for the *Royal Oak Tribune* while Judy has a column in the *Birmingham Eccentric*.

"There's a girl I'd like to know"

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained by friendly, understanding supervisors and today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid-morning and midafternoon "breaks" for relaxing in comfortable lounge rooms, and by the opportunities for advancement.

Isn't that the kind of job you want? Then why not get in touch with us now? We'll be happy to tell you more about the variety of interesting telephone jobs available to high school graduates.

WAY TO BETTER LIVING

Learning provides a key to the spiritual and material riches of the world. Through learning, science and industry have combined to bring new convenience, new benefits and a new measure of leisure into our lives.

In this evolution electricity has played a leading part.

In the years to come you will live still better electrically for greater things are in store. But it will take ever higher standards of learning to win them.

Good luck to you in helping to make the dreams of today the realities of tomorrow.
